## Friendship Day 2022

We’re Back Baby!

I hope you enjoy this special Friendship Day issue that includes many photos from the event. I’ll include more next month. *Editor*

### President’s Message:

Dear Members,

*Happy Father’s Day to all the dads in our car club.*

In my humble opinion, Friendship Day 2022 was a great success! This year’s rallying of the troops and reconnecting with local businesses by our fearless Chairman Bob Moll, led to the fun day that it was. “Many hands made for light work”

*...see next page*

with special effort from the following leaders: Jim Remington managing the gate and volunteer roster, Bill Bratt arranging for porta-potties and supply logistics, Len Flaherty with media, Ed Wong with goodie bags, Tanya & Frank Pomposo with Maureen Krantz at the hospitality booth, Ted Panofsky securing the receipts, and food services by Alfred Herpe's brother Harry. Bob Moll handled the ever-popular raffle and drawings throughout the day, and it was exciting ... especially at the end of the day. Our final count was 250 vehicles attending, and some good notes for next year's location, communications, and minor improvements. Thank you again, to all who helped.

We're all recovering from lots of hard work, and gearing-up for summer fun. Thank you to our few members who supported the San Carlos Hometown Days Parade with their cars and time. Here are a few upcoming local events to consider in June:

*June 12<sup>th</sup>*, Santa Clara Valley Model T Ford Club's Lowland Tour in Niles;

*June 25<sup>th</sup>*, Woodies on the Wharf;

*June 26<sup>th</sup>*, Hillsborough Concourse – see club website for available info.

Additionally, we're planning ahead for participating in the July 4<sup>th</sup> Parade in downtown Redwood City, more details to follow, please let me know if you can attend.

Future dates to reserve:

*August 28<sup>th</sup>*, Annual Picnic; *September 17<sup>th</sup>*, Antique Autos in History Park (S.J.); *October 8<sup>th</sup>*, Mini-Concourse at The Magnolia of Millbrae; *November 12<sup>th</sup>*, Annual Installation Luncheon – details to follow.

We hope to see you at our June 24<sup>th</sup> regular meeting, at 7:30 pm, in the Highlands Community Club.

Charlie Drechsler, Jr.

## CruiseFest is back for 2022!

It's the 11th year of CruiseFest and another opportunity for you to enjoy Fulton Avenue without the usual traffic!

Just how awesome is this event? We block off Fulton Avenue between El Camino and Marconi and you get to Cruise It! Hundreds of cars of all makes and models and thousands of spectators are only the

beginning. Food trucks, music, and our beer garden round out the program that makes CruiseFest on Fulton Ave one of the biggest family car events in Sacramento.

Once again, all of the fun (music, food trucks, and beer garden) brought to one central stage! While checking out all the cool cars cruising lined up on Fulton Avenue, stop by the festival area to listen to the music, grab a bite to eat from the food trucks, and have us pour you some local beer.

Awards: Our sponsors will be giving out their annual awards to their favorite cars.

Registration: \$29 for Museum Members, \$45 for non-members, and \$60 on the day of the show. Not a Museum member? Join at our Driver level and get a CruiseFest registration discount - both for just \$75!

Previous shows sold out and we had to turn cars away at the cruise so make sure you pre-register to ensure your spot in this year's show.

Proceeds of the event benefit the California Vehicle Foundation - a 501c3 charitable organization. (**NOTE:** This event is in Sacramento and is not a MPOTAC event, *editor*)

# SEMA

Every year the the giant Specialty Equipment Market Association (SEMA) show is held in Las Vegas. New products are put on display. Here are a few which were recently highlighted in Old Cars Weekly newspaper ([oldcarsweekly.com](http://oldcarsweekly.com)).

Want a “new” 32 Ford? Check out Brookville Roadster, makers of replica steel 1932 Ford roadster and three-window coupe bodies. Brookville uses period stamping machines to create panels that are interchangeable with stock Ford components. The company will sell a complete body and, if you want, it will assemble a roadster or a coupe on a re-pop chassis

Mouse Blocker Classic 12v – A 12 volt powered deterrent designed to protect vehicles from the damage cause by mice. The Mouse Blocker Classic emits a powerful ultrasonic sound which makes the area uncomfortable for mice and other rodents to nest. The unit runs off the vehicles battery and draws less than 1 watt of power, similar to that of an LCD clock. MSRP: \$59.95, [www.MouseBlocker.com](http://www.MouseBlocker.com) or amazon.com

AutoBio Tag – The AutoBio Tag cling (not a sticker) is a digital way to showcase any vehicle. The tag is on a cling that is scannable from a smartphone. Simply buy a tag, upload your story and photos, and add links to video and social media. Then attach the cling to the vehicle’s window. The information can be updated at any time, and can be accessed through the tag at shows and events. It is perfect for builds and restorations. MSRP: \$49 which includes lifetime membership with no recurring fees. [www.autobiotags.com](http://www.autobiotags.com)

Wizards Ceramic Coat For Trim/Plastic Trim Restorer – Will restore color and protect for years. Use on old, faded plastics to shine, seal and darken body side moldings, bumper extensions, windshield cowl fillers, wiper arms or any plastic, vinyl or rubber trim and rubber accessories. Brighten and preserve headlamp and taillamp lenses, or apply to renovated headlamps. The 9H Cerramic Protection shields from UV rays and will repel water, road salts, dirt and grime for fast and easy cleaning. MSRP: \$59.95, [www.WizardsProducts.com](http://www.WizardsProducts.com)
